Dance Class Descriptions

Jazz	The fundamentals of a traditional jazz class are taught, starting with the basic positions and movements followed by simple jazz combinations and rising in intensity to complex jumps and turns that can be utilized in choreography.
Ballet	The Five fundamental positions are taught along with legs, arms, and hand placements. Basic Barre exercises to develop and enhance leg and core strength, as well as correct placement, foot articulation, balance, and directionality skills. Center exercises, introduction to jumps and reverence will all be part of basic ballet technique in this class.
Hip Hop	A beginner/intermediate friendly choreographed dance class focusing on stylized Hip Hop moves and having fun dancing it out. Dancers will learn move by move and take their creative styles to the next level. Hip Hop is a blend of today's high energy "Street Style" Movement. Develops power, personal style and agility by teaching a routine that builds momentum and repeats dance combinations rising in intensity.
