Financial assistance is available to all who qualify.

# Dance Class Descriptions

Music and Movement	Bring the family together through song and dance! This parent-child class serves as the perfect introduction to music and dance for kids ages 1-3. We will sing songs, play music-based games, and learn the basics of movement and rhythm. This class is a great way to get your toddler interacting with other kids their age in a fun, music-filled environment.
Ballet	Come dance your heart out with our Ballet classes. In this class, we will teach the basics of ballet movement and positioning, building on our skills as the session goes on. Our bitty class is geared more towards younger kids who are just getting into dance, while our standard class is for older kids, but both are open to beginners as well as experienced dancers.
Hip Hop	A beginner/intermediate friendly choreographed dance class focusing on stylized Hip Hop moves and having fun dancing it out. Dancers will learn move by move and take their creative styles to the next level. Hip Hop is a blend of today's high energy "Street Style" Movement. Develops power, personal style and agility by teaching a routine that builds momentum and repeats dance combinations rising in intensity.

# Art Class Descriptions

Beginner Art Ages 7 & Up	Unlock your creativity with beginner art! This class will teach kids the basics of art, while helping them bring their imagination to life! We will explore color, shape, and form through different mediums.
Intro to Drawing Ages 10 & Up	Come draw with us! This class will teach students how to draw objects by learning about light and value, 2-dimensional works, fundamentals and principles of drawing. We will learn different techniques for realistic rendering, along with promoting creativity and personal expression.
